PPP APPROACH

PLANING PROTOTYPE PRODUCTION

1

SEAT FRAME

- Lightweight
- Cathodic dip painted
- Isofix included

TÜV certified

Suitable for motorhome and van conversions

METAL PRODUCT

HEADREST SLEEVE

2

- Material ABS
- Color options available

TÜV certified

Suitable for motorhome and van conversions

PLASTIC PRODUCT

HEADREST

3

- Suspension foam expanded polyurethane
- Nonflammable material available
- Several density options

TÜV certified

Suitable for motorhome and van conversions

 PLASTIC PRODUCT

STEP CONSOLE

4

- Lightweight
- One of many metal products
- Hot galvanized steel

 Suitable for motorhome conversions

 METAL PRODUCT

5

WASTE WATER TANK

- Made out of high density polyethylene
- Including cap and gasket
- 6 - 8 mm wall thickness
- Color black
- Hot galvanized brackets
- Drainage system is optional (pipes, valve, handle)

 Suitable for motorhome and van conversions

 PLASTIC PRODUCT

FRESH WATER TANK

6

- Made out of high density polyethylene
- Including blue cap, gasket and drain valve
- 6 - 8 mm wall thickness
- Color white
- Integrated brass inserts for fast and easy pump installation
- Valves and vents optional

 Suitable for motorhome and van conversions

 PLASTIC PRODUCT

CORNER WATER TANK

7

- Made out of high density polyethylene
- Including cap and gasket
- 6 - 8 mm wall thickness
- Color optional
- Fits in motorhomes and boats

  Suitable for motorhome, vans and boats

 PLASTIC PRODUCT

DRAIN VALVE FOR FRESH WATER

8

- Injection molded valve
- Spring element
- Gasket element
- Color cream

 PLASTIC PRODUCT

GAS BOX

9

- Made out of galvanized metal sheet, aluminum sheet or polyethylene plastics
- Wall thickness optional
- Hinges and final assembly optional

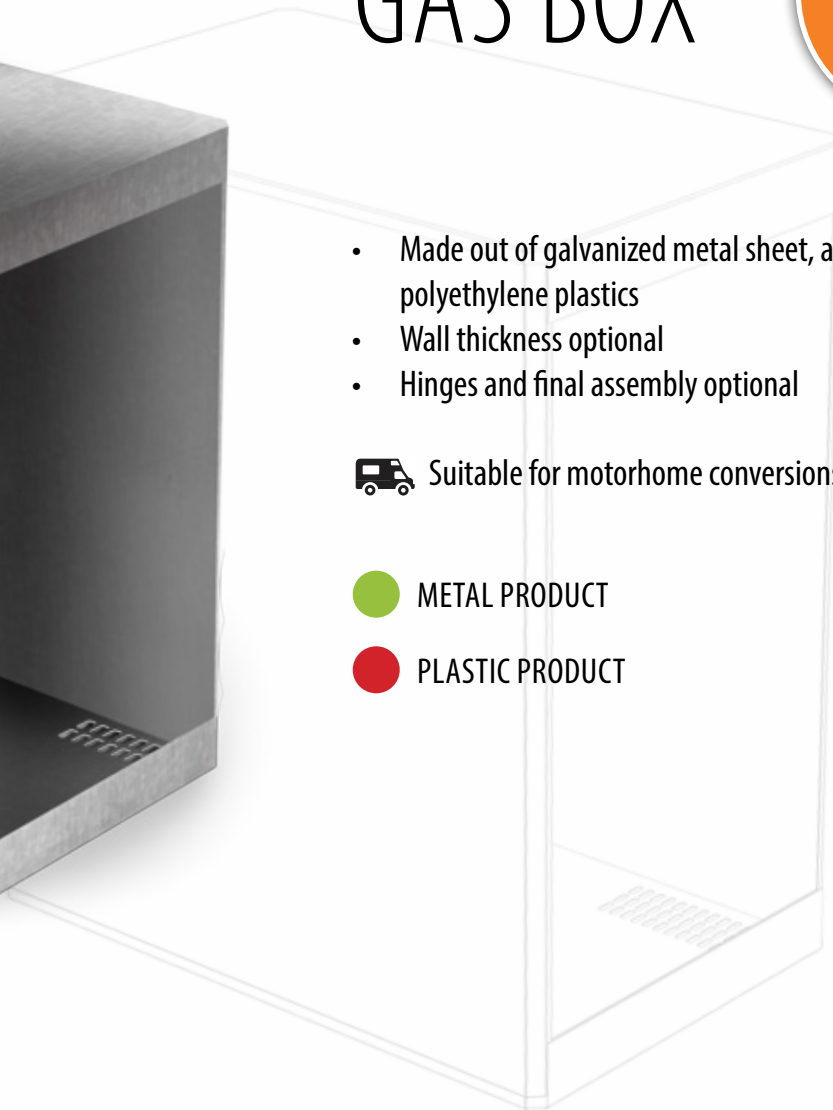

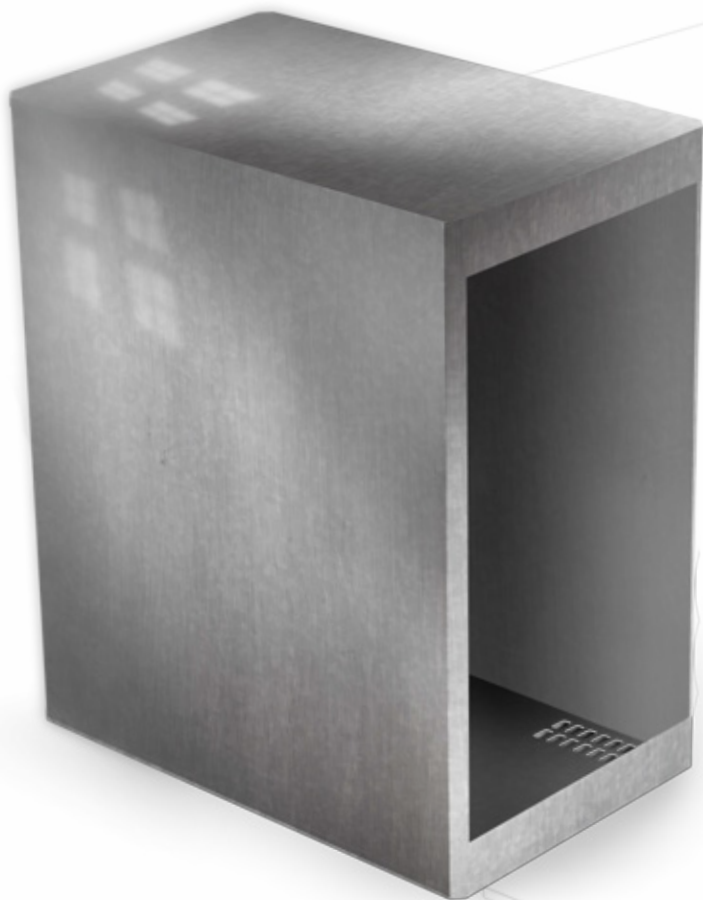

Suitable for motorhome conversions

METAL PRODUCT

PLASTIC PRODUCT

FILLER NECK

10

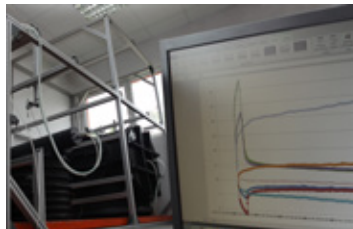

- Made out of cross linked polyethylene
- 8 mm wall thickness
- Color optional

 Suitable for motorhome conversions

 PLASTIC PRODUCT

Establishment of company Aplast d.o.o.

2010

New management and storage building Zagožen d.o.o.

2014

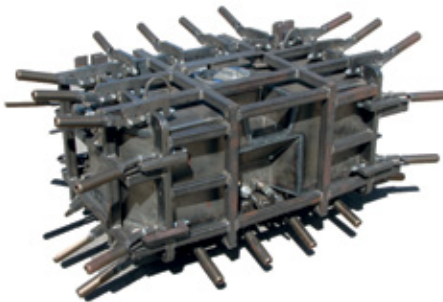

New company in Macedonia Vodoplast

2015

New company in Croatia Vodoplast promet

2016

Exporting to 27 countries. ISO 14001

OUR PRODUCTS AND FIELDS OF EXPERTIES

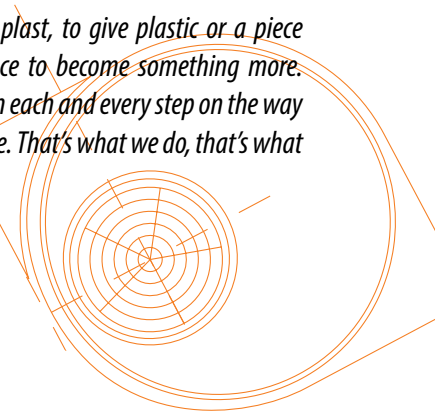

PLASTIC PRODUCTS

*Coach built, motorhome or van conversions. Call them what you like!
Manufactures add value to a simple raw and stripped vehicle.*

*We are trying to do the same thing in Aplast, to give plastic or a piece
of metal a purpose, a need or a guidance to become something more.
Developing new products being involved in each and every step on the way
towards making a next best thing out there. That's what we do, that's what
we offer.*

Miran Zagožen founder owner and CEO
