For rainwater,
drinking
water and
wastewater!

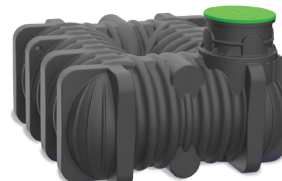

AQUAstay FLAT 5.000 I

TYPE	PART NR.	LENGTH in mm (L)	WIDTH in mm (W)	HEIGHT in mm (H)	WEIGHT in kg
	214344140	2660	2330	1510	~ 240
	214346140	2660	2330	1510	~ 240
	214345140	2660	2330	1510	~ 240

USE

Tanks for:

- Rainwater
- Drinking water
- Wastewater

Water containment:

AQUAstay water tanks are the perfect solution to ensuring an even flow of rainwater into the ground.

Fire water systems:

With a preassembled system for water collection and appropriate connections for firefighting equipment, the AQUAstay tanks can also be used for fire safety purposes.

PROPERTIES

Rotomoulded out of high quality polyethylene. The tanks can be connected into larger collection systems in various ways.

CONNECTIONS

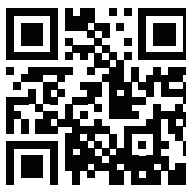

There are several available connection points on the tanks (for PE pipes as well as inlet gaskets).

ADVANTAGES

- Easier installation.
- Smaller digging depth.
- Also suitable for areas with high groundwater.
- Robust housing.
- More suitable for more demanding/rocky terrains.
